

A series of fixtures for surface mounting on wall or ceiling. Reflector position can be adjusted. As a result one can precisely light a particular object or space. It allows creation of interesting lighting solutions with the possibility of directional changes. The fixtures are designed for lighting in retail sector, shop windows, museums, art galleries, expositions and modern flats.

1. Indoor architectural lighting

1.2. Accent lighting fixtures

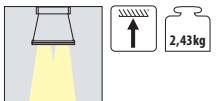

Material: body – aluminium alloy
projector – aluminium alloy
Ignition type: electronic

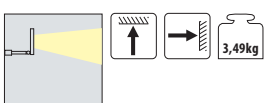

LAVADO 400 Movable wall–ceiling fixture
